

MUSTANG SURVIVAL's Automatic Inflatable PFDs Authorized for HQUSACE National Operations Center for Water Safety Field Evaluation.

Effective in spring 2007, auto-inflatable life jackets are approved for use by U.S. Army Corps of Engineers employees and contractors in certain water-related work environments. Mustang Survival is proud to offer two high quality, reliable life saving devices that are U.S. Coast Guard-approved for commercial use, and further meet the requirements of the Corps EM 385-1-1 Safety and Health Requirements Manual.

For more information regarding the specific requirements of the devices, you should contact the USACE National Operations Center for Water Safety or your local Safety Office.

HIT™ Hydrostatic Inflator Technology MD3183 (Triggered by water pressure)

This PFD provides excellent safety, is designed for use in severe or high humidity weather. It inflates under hydrostatic pressure and will not inflate due to rain, humidity, or splash.

- 5 years maintenance free inflator (unless fired)
- No inadvertent inflation
- SecureZip™ closure withstands rigorous activity and is easy to repack
- Cylinder protected against corrosion inside PFD bladder
- Neoprene Comfort Collar™ eliminates neck irritation
- Hammar 1F auto hydrostatic inflator with manual backup
- 35 lb buoyancy (2x that of a typical foam PFD)
- 420-denier & coated nylon for increased durability
- Safety inspection window
- D-ring

HIT Hydrostatic Inflator Technology

The HIT™ inflator needs only to be submerged 4" (10 cm) for the hydrostatic pressure to open a pressure valve releasing a firing mechanism, automatically inflating the PFD.

Low Maintenance

No inflator maintenance required for five years, unless fired.

Reliable Inflation

Inflates under hydrostatic pressure only; and not inadvertently due to rain, humidity or spray.

USACE Embroidery Option MA3284

You can customize your PFD by ordering the optional embroidery MA3284 for a small service fee. Embroidered PFD's may take up to five weeks to ship if they are not in stock.

Auto Bobbin Activation MD3087 (Triggered by dissolving bobbin)

The perfect choice for anyone interested in lightweight design and high mobility. Featuring our unique Comfort Collar™, the Deluxe Inflatable PFD is so comfortable you can wear it over a t-shirt.

- Neoprene Comfort Collar™ eliminates neck irritation
- Halkey Roberts 1F automatic inflator with manual backup
- 35 lb buoyancy (2x that of a typical foam PFD)
- 420-denier nylon for increased durability
- Safety inspection window
- D-ring

† Commercial Use Approval

The MD3183 and MD3087 are USCG Approved Type V PFDs for use when worn on Uninspected Commercial Vessels less than 40 ft. in length not carrying passengers for hire. Both vests can be used as a substitute for a Type II or Type III PFD when worn in accordance with the owner's manual.
