

## INTRODUCING THE NEW STANDARD FOR MARITIME SPECIAL OPERATIONS

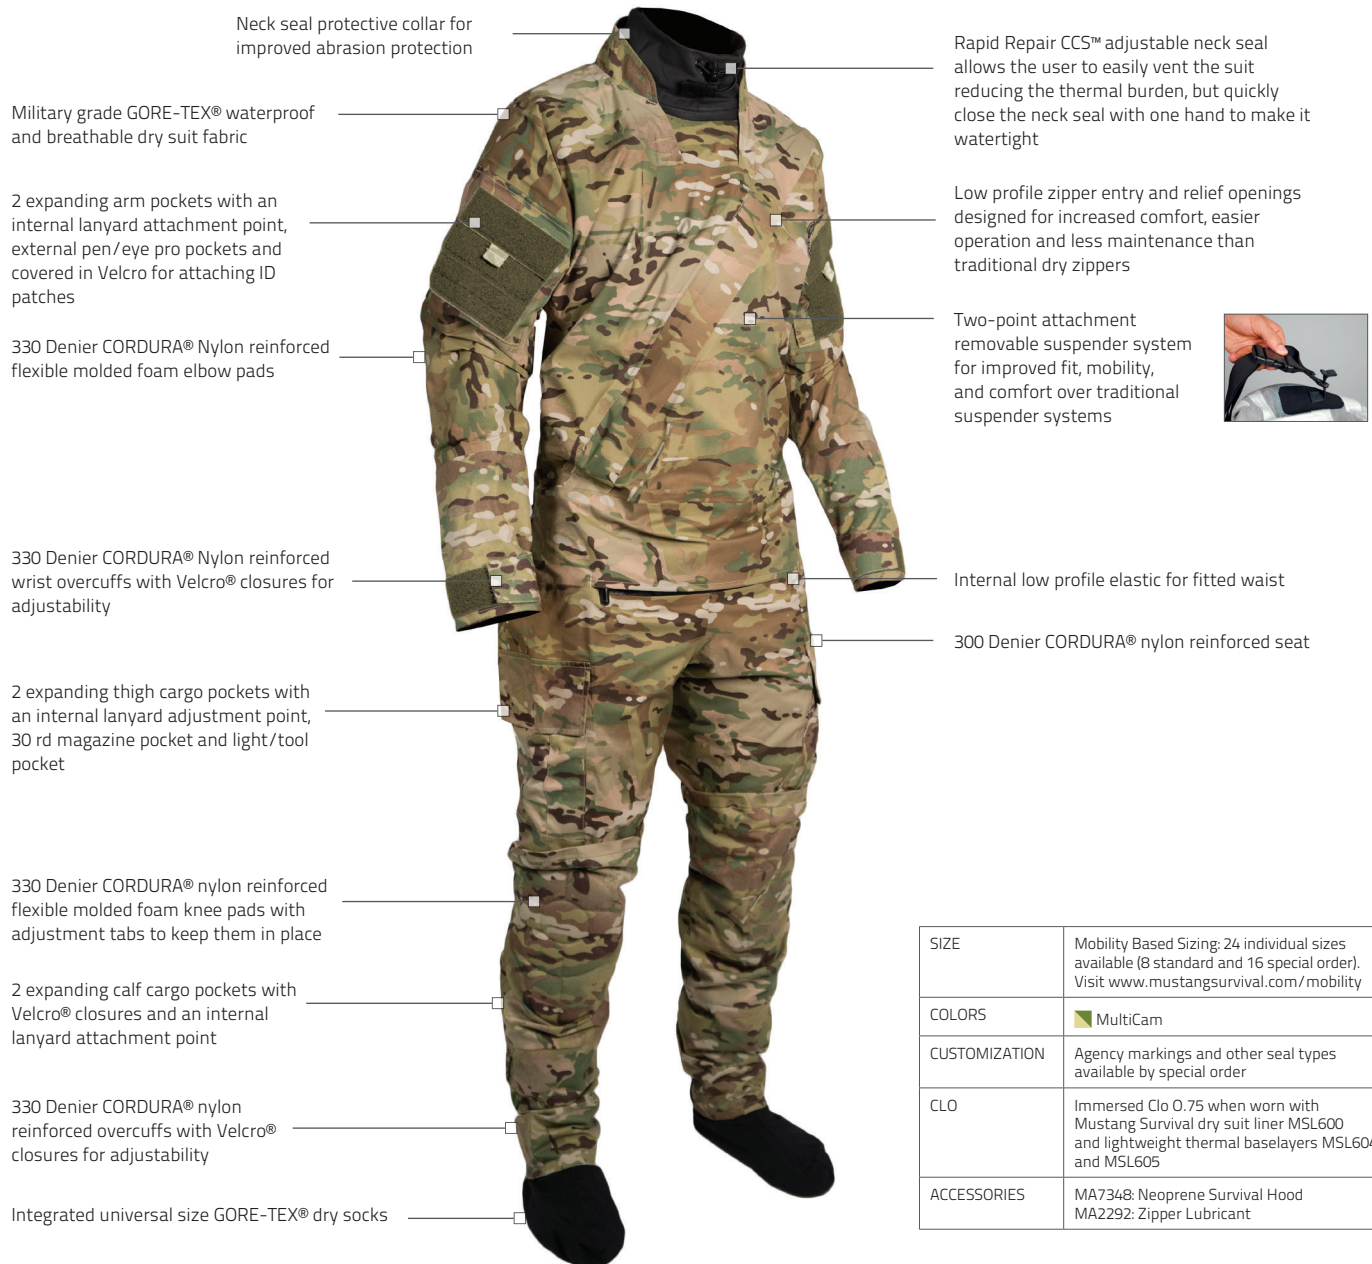

### SENTINEL™ SERIES - LIGHTWEIGHT SPECIAL OPERATIONS DRY SUIT (MSD676)

Our Sentinel™ Series Lightweight Special Operations Dry Suit is a waterproof & breathable constant wear dry suit ideal for users engaged in maritime special operations which require splash &/or immersed hypothermia protection that won't hinder the primary mission objectives. The MSD676 was specifically designed with feedback from Naval special Warfare, select US federal tactical units and state & local police SWAT teams. The result is a durable, lighter, lower thermal burden and better fitting dry suit with features found on industry leading combat and tactical uniforms.

The MSD676 weighs well under 5 lbs and has an estimated lifecycle of 3 years/300 hours of use.

Exclusive to Mustang Survival, the Sentinel Series dry suits feature:

- **Mobility Based Sizing™** – offers users a semi-custom size fit that reduces bulk and increases mobility without the custom price tag
- **Rapid Repair Technology™** – enables users to field replace neck and wrist seals and repair small leaks in an hour or less

Neck seal protective collar for improved abrasion protection

Military grade GORE-TEX® waterproof and breathable dry suit fabric

2 expanding arm pockets with an internal lanyard attachment point, external pen/eye pro pockets and covered in Velcro for attaching ID patches

330 Denier CORDURA® Nylon reinforced flexible molded foam elbow pads

330 Denier CORDURA® Nylon reinforced wrist overcuffs with Velcro® closures for adjustability

2 expanding thigh cargo pockets with an internal lanyard adjustment point, 30 rd magazine pocket and light/tool pocket

330 Denier CORDURA® nylon reinforced flexible molded foam knee pads with adjustment tabs to keep them in place

2 expanding calf cargo pockets with Velcro® closures and an internal lanyard attachment point

330 Denier CORDURA® nylon reinforced overcuffs with Velcro® closures for adjustability

Integrated universal size GORE-TEX® dry socks

Rapid Repair CCS™ adjustable neck seal allows the user to easily vent the suit reducing the thermal burden, but quickly close the neck seal with one hand to make it watertight

Low profile zipper entry and relief openings designed for increased comfort, easier operation and less maintenance than traditional dry zippers

Two-point attachment removable suspender system for improved fit, mobility, and comfort over traditional suspender systems

Internal low profile elastic for fitted waist

300 Denier CORDURA® nylon reinforced seat

OPTIONS & ACCESSORIES

**SENTINEL™ SERIES – DRY SUIT LINER**

MSL600 / MSL601 (with drop seat)

This dry suit liner provides extra insulation and thermal protection when in cold water and also helps reduce the thermal burden out of the water.

**FEATURES**

- A combination of Polartec® Classic 200 and Polartec® Power Stretch 4-way stretch with a durable, smooth outer layer that is abrasion resistant, and a soft inner layer that pulls moisture away from the skin
- Less bulky fit as a result of stretch fleece integration in lower back, arms and legs
- Specifically designed to work with Sentinel Series dry suits and is compatible with any Mustang Survival dry suit
- Fitting straps at the thumbs and ankles
- Machine washable

SIZE	Mobility Based Sizing (regular length only) Visit <a href="http://www.mustangsurvival.com/mobility">www.mustangsurvival.com/mobility</a>
COLOURS	■ Black
CLO	Provides up to 0.66 immersed Clo when worn with a Mustang Survival dry suit and silk-weight next to skin thermal underwear

**COMPACT TACTICAL LIFE PRESERVER**

AUTO HYDROSTATIC MD3196 (AUTO)

The MD3196 is a compact life preserver that has been designed specifically for easy integration with MOLLE (Modular Lightweight Load-carrying Equipment) body armor and tactical vests that use webbing.

**FEATURES**

- Manual inflator with automatic hydrostatic backup
- 35 lbs (150 N) of buoyancy
- SecureZIP™ closure withstands rigorous activity and is easy to repack
- A three point attachment system provides quick integration to MOLLE style vests
- For wear without MOLLE, use Stand Alone Harness MA3090 (sold separately)
- Lightweight, comfortable and compact
- Can be converted to manual-only use with MA7219, Manual Conversion Cap (sold separately)

COLORS	■ Black ■ Tan (shown)
PATENTS	US Patent no. 6,832,415 CDN Patent Pending
RE-ARM KIT	Auto Hydrostatic: MA7214 10
ACCESSORIES	Manual Conversion Cap: MA7219 Stand Alone Harness: MA3090

**TACTICAL INFLATABLE SIDE POUCH PFD**

AUTO HYDROSTATIC MD1250 / MD1250 SO

The low profile MD1250 provides flotation capability with minimum bulk or interference using separate, independently operated left and right side pouches.

**FEATURES**

- Option to wear on a standard or padded LE belt or attach directly to Pouch Attachment Ladder System (PALS) webbing on Modular Lightweight Load-carrying Equipment (MOLLE) vests
- Sold as a pair (right and left units). Each unit provides 35lb buoyancy for a combined 70 lb buoyancy
- Includes Manual Conversion Cap, MA7219, for each side
