

MUSTANG SURVIVAL / AIRCRAFT LIFE PRESERVER SURVIVAL VEST

MSV971 / AIRCRAFT LIFE PRESERVER SURVIVAL VEST

Designed specifically for pilots and aircrew to be worn over flight suits, the MSV971 is a lightweight, fire resistant and highly durable aircraft survival vest. Providing a full 38lbs of buoyancy, the inflatable cell - available in manual inflation - is comprised of two independent chambers, separated by a fully integrated floating baffle system. This provides for an orally inflated reserve chamber in the event that the primary chamber becomes damaged.

1. Manual inflatable flotation cell
2. Survival vest contains specific pockets for storage of survival gear
3. Made with Nomex fire resistant fabric and mesh
4. Dual chamber system for emergency oral inflation in the event of damage to one chamber
5. Integrated lifting harness
6. Waist and chest adjustment strap
7. Buddy-line and SOLAS whistle
8. Provides 38lbs buoyancy (more than twice the buoyancy needed for an average person to float)
9. Weighs approximately 2lbs unloaded
